Mr. J. Champ
123 Hero Way
Suite Eii
Metro City, IN 54321

Introducing Eii's IMpb-compliant solution for Rapid Parcel Processing.

Harnessing a new mobile OCR Ring Scanner, the Super Champ allows operators the use of both hands for processing. This reliable technology provides a throughput of 500+ parcels per hour, even in the most demanding environments!

The Super Champ is fully IMpb-compliant for USPS Commercial Parcel Rates. It handles ALL types of Priority Mail at the lowest rates (Weight-Based, Flat Rate, and Cubic) as well as First Class Package Services.

Quit Paying Retail!!! ... Find out how you can get the very best USPS rates for ALL of your parcels.

Look up in the cloud, it's THE SUPER CHAMP

Your IMpb solution for Rapid Parcel Processing

The USPS rules for the Intelligent Mail® Package Barcode (IMpb) that came online January 2015 for commercial parcels have created difficulties for many mailers because postage meters cannot validate addresses. The Super Champ solves this issue efficiently by enabling rapid 11-point (Zip+4+2) address validation utilizing a mobile OCR ring scanner that scans addresses.

Discover how The Super Champ ...

- Processes 500 parcels per hour and more
- Allows operators to use both hands to move packages
- Maximizes functionality with Bluetooth connectivity
- Provides reliability in the most demanding environments

The Super Champ is a cornerstone of the Eii *One MailRoom*

- Multiple Mail Streams
- Multiple Mail Classes
- Multiple Customers
- One Machine Touch
- Consolidated Reporting
- Presorting

Eii *Abililty*

Supplying you with the tools for success.

Flexibility

Allowing for manual and automated options that are customized to your processing environment.

Scalability

Providing configurations for start-ups and enterprises alike. We grow with you!

Portability

Getting you up and running in no time. We quickly get you deployed, implemented and trained.

Profitability

Delivering tools that maximize your postage savings with discounts typically accessible only for large mail operations.
