Immediately Identify Mail for Chargeback

The Champ's billing capability is one of its most powerful features. Utilizing cost-center bar codes, mailroom operators handle departmental mail without having to stop mail processing.

- Streamline corporate mail center operations
- Facilitate outsourcing customer mailrooms
- Optimize facilities management

Convert Packages for Flat Rate Containers, Cubic, or Regional Boxes

Providing opportunities for enormous postage savings, the Commercial Priority Profit Maximizer combines all aspects of leveraging postage spreads when sending Priority Mail, including: Commercial Rates, Confirmation Services, Flat Rate and Regional Containers, and Open & Distribute.

Automate Parcel Tracking

Whenever you require proof that an item was mailed, delivered, or you need a signature, The Champ's Accountable Mail Package works with EZ-Confirm. It automates the preparation and tracking process for obtaining USPS Delivery or Signature Confirmation on Priority Mail and First Class Parcels.
